PUBLICATIONS**

*Note: In Computer Science, conferences are the primary publication venue over journal publications. They use double-blind reviewing and are equally or more selective than journals. CVPR, ECCV, MICCAI, ICPR, PAKDD, ICDM, WACV, VLSID, and ISVLSI are the top computer vision, data mining, and IoT research conferences. Mentored student authors are underlined, and undergraduate mentees with *. Publications after Auburn are marked with **.*
